Kohl Park

Once part of a historic farmstead, Kohl Park welcomed the Milwaukee Conservation Leadership Corps for the construction of a 2-mile trail in 2008. In 2009 the trail received designation as a National Recreation Trail. The trail is one of the only sections of the Forked Aster Hiking Trail System that travels through a mature evergreen plantation. This unique habitat makes the trail a great place for birding year round. Please submit your observations at eBird.org.
